## Water Pressurisation:

Wide range of 1 to 4 off variable speed cold water booster sets for domestic, commercial and industrial water supply requirements. Bespoke design to suit plant room access and footprint.

*Single Booster Pump  
for domestic use*

*Multi Booster Set for  
commercial buildings*

*Break Tanks*

## Waste Water:

Packaged waste water systems for domestic and commercial applications. Thousands of our selected pumps are reliably servicing arduous applications e.g. Commercial Kitchens such as Kentucky Fried Chicken.

*Twin Pumps for  
larger commercial  
applications  
(Drain King)*

*Hot Water systems  
(Drain Major)*

*Free Standing  
drainage pumps*

## Sewage Pumping Systems:

Below ground and floor mounted sewage systems from basement to private and adopted sewage pumping stations to prevention of internal flooding.

Clients include national house builders - David Wilson Homes.  
Retail chains - Costa Coffee and M&S. Water companies -  
Thames and Southern Water.

*above ground  
Floor Mounted  
Pumping Station and  
flood prevention system  
(Efflu Maxi)*

*below ground  
Sewage Pumping Stations  
(Pumpmatic)*

*GRP Tanks  
standard, custom sizes,  
onsite assembly for difficult access*

### **Pegasus Pumps Ltd.**

*A subsidiary company of Pump Technology Ltd.*

*Manufacturer of GRP Tanks with 21 years experience*

## WHAT THE INDUSTRY SAYS .....

“Pump Technology Limited has always provided excellent and prompt customer service and technical support. They will go out of their way to provide the support and knowledge needed when selecting and specifying pumps and fittings.”

*Paul Coleman, Senior Mechanical Consulting Engineer, Mott MacDonald*

“Xylem Water Solutions UK Ltd is proud to be associated with Pump Technology. Jeremy and the team have been selling products from across the broad portfolio of Xylem brands, including Lowara and Flygt for a number of years. More recently they added the Flygt 3000 series to their existing Lowara stock, which has helped them to provide a more complete offering to their customers in the building services market. We look forward to continuing our strong and successful partnership with Pump Technology Limited.”

*Duncan Lewis – Managing Director, Xylem Water Solutions UK Ltd.*

“KSB is proud to support Pump Technology Limited as a key supplier of our products through distribution and specification sales channels”.

*Andy Ratcliffe, Managing Director, KSB Pumps Ltd.*
